ABOUT ME

I'm Ahmet Kutay Karacair, a computer engineer from Sakarya University. With a passion for technology and innovation, I specialize in software engineering and product development. Proficient in ReactJS, React Native, Node.js, Python, and PHP, I thrive on solving complex problems and bringing ideas to life.

My adaptability extends beyond technology; I possess strong communication skills that facilitate seamless collaboration within diverse teams. As a continuous learner, I stay updated with the latest trends, ensuring I contribute effectively to every project.

Driven by curiosity and a commitment to excellence, I am dedicated to making a meaningful impact in the tech industry.

WORK EXPERIENCE

[01/03/2024 - Current]

Software Engineer

Karnaval Media Group

City: Istanbul | Country: Türkiye

Responsibilities:

- Managed the planning, design, and development of both existing and new web applications and mobile apps, focusing on delivering seamless user experiences and robust functionalities.
- Implemented technology restructuring projects to optimize the performance of outdated web applications, enhancing their speed and responsiveness significantly.

Technical Skills and Experience:

- I applied PHP and SQL skills to manage and manipulate databases effectively, ensuring data integrity and seamless information retrieval for various applications.
- Demonstrated proficiency in AWS, ReactJS, Node.js, HTML/CSS, and JavaScript utilizing these technologies to develop and enhance various web and mobile applications.

[31/07/2023 - 01/03/2024]

Devops Engineer

Orion Innovation

City: Istanbul | Country: Türkiye

Responsibilities:

- Managed the planning, design, and development of both existing and new web applications and mobile apps, focusing on delivering seamless user experiences and robust functionalities.
- Implemented technology restructuring projects to optimize the performance of outdated web applications, enhancing their speed and responsiveness significantly.
- Led problem management efforts, swiftly identifying and resolving issues to maintain the smooth operation of applications and services.

Technical Skills and Experience:

- Expertly utilized Jenkins, SonarQube, GitLab, TestLink, and Redmine in various capacities.

- Employed Jenkins for efficient delivery management, ensuring streamlined deployment processes and smooth software releases.
- Utilized SonarQube for comprehensive monitoring, evaluating code quality, and ensuring adherence to best practices.

[13/12/2021 – 31/07/2023]

Software Design Engineer

Orion Innovation Turkey

City: İstanbul | **Country:** Türkiye

Responsibilities:

- Managed personal tasks and assignments efficiently using Jira, ensuring organized task tracking and timely completion of deliverables.
- Played a crucial role in identifying and resolving errors within existing projects and customer-generated issues, ensuring the smooth operation of applications.
- Engaged in a project developed based on the AWS serverless stack, aligning the implementation with organizational technological standards and best practices.
- Successfully integrated requested features into projects, precisely meeting customer requirements and specifications.

Technical Skills and Experience:

- Demonstrated expertise in AWS serverless architecture, employing it to build scalable and responsive applications, optimizing performance and cost-efficiency.
- Utilized HTML, CSS, and JavaScript (Angular and ReactJS) to develop dynamic and visually appealing user interfaces, enhancing the overall user experience.
- I applied PHP and SQL skills to manage and manipulate databases effectively, ensuring data integrity and seamless information retrieval for various applications.
- I attended Node.js workshops, enriching my knowledge and skills in backend development and staying abreast of industry best practices.

[01/03/2021 – 12/12/2021]

Junior Software Engineer

Casemice Digital

City: Sakarya | **Country:** Türkiye

Responsibilities:

- Played a significant role in the development and troubleshooting of existing ReactJS and React Native projects, ensuring their functionality and user experience met high standards.
- Collaborated in creating a 3D environment utilizing ReactJS, ThreeJS, and Node.js socket technologies, showcasing innovative solutions in web development.

Technical Skills and Experience:

- Demonstrated proficiency in ReactJS, React Native, Node.js, HTML/CSS, JavaScript, and Python, utilizing these technologies to develop and enhance various web and mobile applications.
- Implemented Sentry.io for effective error tracking and monitoring, enhancing the application's stability and user experience by identifying and resolving errors and bugs promptly.

EDUCATION AND TRAINING

[17/09/2017 – 01/07/2021]

Computer Engineering

Sakarya University | <https://www.sakarya.edu.tr/>

City: Sakarya | **Country:** Türkiye | | **Level in EQF:** EQF level 6

I have a solid background in computer engineering, specializing in C, C++, and Java. My interest in software development led me to master Node.js and React.js independently. I also received extensive database management training, gaining knowledge of database models and query languages.

I worked on a successful mobile application project as the primary backend developer, using Flutter for the front end and Node.js for the back end. This hands-on experience honed my database management skills and boosted my software engineering knowledge.

I am a dedicated and versatile software developer looking to contribute my skills and expertise to new and exciting projects.

LANGUAGE SKILLS

Mother tongue(s): Turkish

Other language(s):

English

LISTENING B2 READING B2 WRITING B2

SPOKEN PRODUCTION B2 SPOKEN INTERACTION B2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

DIGITAL SKILLS

My Digital Skills

Programming Languages

ReactJs | RESTful api | CSS | JavaScript | HTML | SQL | PHP | Python | Nodejs

Databases

MySQL | MongoDB | SQLite | PostgreSQL

Tools

Git | Postman | Termius | Slack | Gitlab | Github

DevOPS

SONARQUBE | Jenkins | Git (Github / Gitlab) | CI /CD | Python / Bash scripting

CERTIFICATES

Mobile Education Program, Ecodation Teknoloji Yazılım

Back-End Engineer Career Path, Codecademy

[15/06/2023 – 15/06/2025]

IELTS General

Overall: 6.0

- Speaking: 6.5
- Listening: 6.0
- Reading: 6.0
- Writing: 6.0
